LETTER REGARDING PATENT TERM ADJUSTMENT

The Patent Term Adjustment (PTA) calculation included in the Issue Notification mailed October 7, 2009, for the above-referenced patent indicates the PTA is 612 days. This PTA appears to be longer than appropriate.

With regard to the Office's calculation of pendency of more than three years, in good faith and candor, Patentees direct the Office's attention to the period during which the application was under appeal, which appears not to have been considered in this calculation. See 37 C.F.R. §§ 1.703(b)(4) and 1.703(b)(4). Further, Patentees note the period during which the application was abandoned, for which no Applicant Delay was assessed.

Patentees believe that no fee is due at this time. Any fees that may be due, however, may be applied to Deposit Account No. 06-1050.

Respectfully submitted,

Date: December 18 2009
